PROFESSIONAL SUMMARY

Passionate and results-driven Junior Frontend Software Developer with a Bachelor's degree in Computer Engineering and practical experience building modern web applications using React.js, Next.js, TypeScript, and Tailwind CSS. Experienced in developing responsive user interfaces, integrating RESTful APIs, and collaborating with cross-functional teams to deliver scalable digital solutions. Proven ability to contribute to enterprise-level platforms, administrative dashboards, and customer-facing applications while maintaining high standards of performance, usability, and code quality.

CORE SKILLS

Frontend Development • Responsive Web Design • Technical Problem Solving • REST API Integration • Cross-Functional Collaboration • Component-Based Architecture • User Interface Development • Technical Support • Performance Optimization • Communication & Teamwork

TECHNICAL SKILLS

Languages & Frameworks: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Redux Toolkit

Tools & Methodologies: RESTful APIs, Git, GitHub, Responsive Web Design, Frontend Performance Optimization

PROFESSIONAL EXPERIENCE

Frontend Developer (Technical Department) — Sudo Africa

October 2025 – Present

- Delivered multiple production-ready web applications using React, Next.js, TypeScript, and Tailwind CSS.
- Developed and maintained secure, responsive, and user-friendly interfaces for customer-facing and administrative platforms.
- Integrated frontend applications with backend services through RESTful APIs.
- Developed reusable UI components and frontend architecture patterns.
- Participated in code reviews, testing activities, and continuous improvement initiatives.

Frontend Intern / Technical Support — Mackodev Tech Lab

January 2024 – July 2024

- Provided technical support and troubleshooting assistance for software and web-related issues.
- Participated in frontend development training focused on modern web technologies and responsive design.
- Assisted in the development and maintenance of web applications using React.js, JavaScript, HTML, CSS, and API integration.
- Collaborated with developers and mentors on real-world projects and quality assurance activities.

PROJECTS

Projects at Sudo Africa

- SafeHaven Platform:** Contributed to the development of a fully functional platform with responsive interfaces and backend integration.
- CloudCard Institution Dashboard:** Developed a fully integrated institution dashboard with responsive interfaces and API integrations.

- **Card Core Admin Dashboard:** Built administrative dashboard functionalities supporting platform monitoring and operations.
- **Cardholder Dashboard:** Collaborated with a frontend development partner to build a responsive dashboard experience.

Project at Mackodev Tech Lab

- **Corporate Business Website:** Participated in developing a fully responsive corporate website.

Personal and Freelance Projects

- **International Student Loan Platform:** Led frontend development for a platform supporting students seeking educational funding opportunities abroad.
- **Construction Company Website:** Designed and developed a fully responsive construction company website. ([GitHub Repository](#))
- **Additional Personal Projects:** Explored and built various personal tools and UI components. ([GitHub Profile](#))

EDUCATION

Bachelor of Engineering (B.Eng), Computer Engineering

2025

Ekiti State University, Nigeria — Second Class Honours (Upper Division)

CERTIFICATIONS

- **React.js Front-End Developer Certification** – GoMyCode (2025)
- **Theoretical Understanding of HTML Structure, Tags, Attributes and Images** – GoMyCode (2024)
- **Web Development Certification** – Udemy (2024)
- **Mackodev Technical Training Certification** – Mackodev (2024)
